

NoteCase 15 tablets

NoteCase for 15 tablets, NoteCharge Lite and room for a master

Charge 15 tablets quickly and efficiently - EXTRA room for cover

NoteCase is a robust portable case easy to move around, designed for 15 iPads, but fits all tablets of a similar design. Supplied with NoteCharge Lite, the cases provide charging and secure storage for up to 15 devices, with space for your MAC or laptop. Charging at maximum power ensures a fast charge and protects tablet batteries.

The case is fully ventilated giving you confidence and peace of mind to keep your investments safely locked whilst being able to keep in charge mode.
